STANFORD, KY., FRIDAY, DECEMBER 10, 1909.

NO. 83.

Press Comments on Judge Saufley for Governor.

Judge Saufley's boom for Governor is reported growing in the Eighth District. J. W. Crossfield, Circuit Clerk, and J. Wilkes Morgan, County Attorney, both of Anderson county, were here and said the Democrats of that county were falling in line for Judge Saufley in great shape.—Frankfort State Journal.

The Central Kentucky papers are booming Judge M. C. Saufley, of Stanford, for Governor. There is not a doubt about his fitness for the position. He is a man of ability and possesses an abundance of personal magnetism. Judge Saufley has not said that he will be a candidate. He was recently elected Circuit Judge of the 13th district, and it may be that he will feel it his duty to serve the people in that capacity. However, he would make a most acceptable Governor.—Adair County News.

The friends of Judge M. C. Saufley of Lincoln county, have started a boom for him for the Democratic nomination for governor, and it is given out that he has about consented to enter the race. The latter statement may or may not be true. Judge Saufley has just been re-elected to the circuit court bench in the Thirteenth district and it is doubtful if he would so soon begin another political campaign when he has a good office for a six-year term, free for a long while from the worries and turmoils of politics. However if he does go into the fight he is going to make a formidable candidate. He is probably today the best political campaigner, on the stump, in Kentucky. It is doubtful if he has a peer in the State as a ready debater. He has always supported his party and its nominees. He has had long experience as a jurist. He was a Confederate soldier, attached to General Morgan's command. If he should decide to enter the contest, he is going to make it a mighty interesting one.—Judge S. W. Hager in Owensboro Inquirer.

Hon. W. Reed Embury, of Danville, closes a splendid article on the gubernatorial situation as follows: "In selecting the next nominee for Governor, the Democratic party should revert to old principles and nominate a man who would conduct an aggressive campaign into the heart of the enemy's camp. The Advocate has called attention to one who would fill all the requirements of a successful candidate; a gallant soldier, a learned jurist and an orator without a peer. Upon the stump he would arouse the enthusiasm of the boys in the trenches and captivate every audience with his eloquence. No man in Kentucky represents to a greater degree the chivalry and traditions of the Old South with the progress and militant spirit of today, than does Judge M. C. Saufley, of Lincoln county, to whom every Democrat could point as their standard-bearer and say: He is a man. 'Nominate Judge Saufley for Governor, and Kentucky will return a Democratic majority unsurpassed since the days of John W. Stephenson.'"

IN NEIGHBORING COUNTIES.

One of the largest railway locomotives in the United States arrived in Danville and will be operated between Danville and Oakdale on the Cincinnati Southern. The engine, known as the Mallet, weighs 350,000 pounds and is twice the size of any other engine now on the road. It is the largest locomotive in the United States South of the Ohio river.

Capt. W. T. Short, of Richmond, and Deputy United States Marshal Mays, of Beattyville, have returned from a raid in Estill county, during which they captured three moonshine stills and six men. Altogether 1,500 gallons of beer and many gallons of whisky were destroyed. The six men arrested were W. D. Sills, Joe Lynnan, Tom Goose, Anthony Badedly, M. Rose and Major Tackett.

Forced Into Exile.

Wm. Upchurch of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infalible for Coughs and Colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough. 50c and \$1. trial bottle free, guaranteed by Penny's Drug Store.

To PRINTERS.—This office has for sale a lot of display and body type which has been used very little, a medium sized imposing stone, a lot of cases, and several cone pulleys. Will go cheap if sold at once. INTERIOR JOURNAL office, Stanford, Ky.

NEWS NOTES.

The jury in the case of H. Clay Pierce, charged with false swearing, returned a verdict of not guilty at Austin, Texas.

Dr. Loren D. Dozey and his wife were both held by the coroner's jury at St. Louis for alleged poisoning of William J. Erder, who died last month.

The Norfolk and Southern railway property was bid in at Norfolk, Va., for \$8,500,000 by Rathbone Gardner, of New York, in the name of the Norfolk and Southern organization committee.

The recent Standard Oil decision in the Federal courts is said to have caused a change in the plans of the proposed copper merger and there may be some delay in effecting the combination.

The first annual message of President Taft was delivered to Congress. It was presented to both Houses by Assistant Secretary Latta and in both Houses was received shortly after 12 o'clock.

That the Controller of the Currency is an agent of the Government with power to examine into the affairs of national banks was decided in favor of the Government by the Supreme Court of the United States in the case of the United States vs. John A. Corbett and others.

The Southern Commercial Congress, which convened at Washington for a three days' session, has two objects—to hasten a clearer self-knowledge throughout the whole South and to compel the balance of the United States and of the world to set a correct valuation upon the South as a region of opportunity.

The Supreme court of the United States granted the petition for a writ of certiorari in the contempt cases of Samuel Gompers, Frank Morrison and John Mitchell, officers of the American Federation of Labor. The effect of the decision will be to bring the entire record in the Buck's Stove and Range case into the supreme court for review.

That there has been a careful scrutiny of the estimates of appropriations for the fiscal year ending June 30, 1911, is shown by the figures submitted to the House of Representatives by Secretary of the Treasury McVeagh. The grand total of estimates for 1911 is \$732,233,075, which is \$103,370,303 less than the appropriations for the current fiscal year.

ACCORDING to a statement published shortly after the republicans succeeded to power, there were over a million and a quarter of dollars in the treasury. That party has had charge of affairs just two years now and a statement just issued shows that there are but \$336,837.37 in the treasury, some of which can not be touched, with \$933,131.88 of outstanding warrants to be paid, leaving a net deficit of \$601,295.51. This is a most discreditable showing. We do not inquire, "who got the money?" as has been inquired for several years, because we do not think that any of it has been stolen. We simply call attention to the fact in order to show that the republicans are incapable of giving the State an economical management of its fiscal affairs and the necessity of a return to democratic principles.

President Roosevelt's press agents are getting to faking. They say he shot a Tapir the other day, which is to say a hat, according to the dictionary. Having killed everything worth killing in darkest Africa the ex-president may have turned his attention to old hats as a target. At any rate it is more commendable than killing animals simply for the pleasure of taking life.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

A few weeks ago Miss Annie Routen gave a Bradfordville friend a cat. Last week Miss Routen received a letter from her friend saying the cat had disappeared. Two days later the feline made its appearance at the Routen home, having made the distance of 25 miles.

The Carroll Comedy Company carrying 12 people and special scenery, will appear at Alcorn's Opera House the week of Dec. 13. The company comes highly recommended. A change of program will be given each night and all at popular prices in order to fill the house each night.

Two calls for Lair's bloodhounds at the same time Saturday necessitated them being separated. The one taken to Junction City "told the tale" satisfactorily to the caller. The other went to Stanford. Marshall Lair is meeting with success in the training of three pups to trail horses.

Wm. Peavyhouse, who has been attending State University, has accepted a position with a mining company at Haldon, W. Va. A 10 pound clerk has arrived at the home of George Hunn and he is the happiest man in Kentucky. Dr. Alcorn was in Cincinnati this week to see the Cincinnati Southern officials on matters of importance to our city and the West End generally. Miss Frances Cooper was the guest of Miss Edna Camnitz.

MASSACHUSETTS has an educational ballot, and, judging by the result of the last election, the voters are up to snuff. They did not like the high tariff proclivities of Draper and Frothingham, the candidates for governor and lieutenant governor on the republican ticket, so gave them a beggarly 8,000 or 9,000 majority; while electing the rest of the ticket, who were not particularly identified with the tariff question by nearly 60,000 majority. To have used the ballot with so much discretion shows that the Massachusetts voter knows what he is doing, and, not like a large number of Kentucky voters, simply recognizing the device.

Crowded galleries representing official and social life in Washington witnessed the commencement of the regular session of the Sixty-first Congress. The procedure followed on the first day was similar to that which has characterized every opening of Congress. A great mass of bills was introduced. The announcements of the recent deaths of Senator Johnson, of North Dakota, and of Representatives Lassiter, of Virginia, and De Armond, of Missouri, caused adjournments on both sides of the Capitol.

In an election held throughout Winchester and Clark County the city by a majority of 358 votes decided to retain saloons. Local option carried in the county outside of Winchester by 652 votes. Ten saloons in the city will continue to do business.

The Kings Mountain Revival.

The most remarkable revival we have ever known in Kings Mountain closed on Sunday night, Nov. 28, after three weeks of the best preaching and singing it has ever been our lot to hear. The services were conducted at the Christian church by Rev. W. R. Quinton and wife, non-sectarian evangelists. The deep interest at the beginning increased until many were turned away from the church for want of room. While there were a number of conversions and reclamations, the strongest efforts were directed toward the church members, many of whom were induced to confess faults one to another and pray one for another. In addition to the many restorations and reconciliations, we now have a cottage prayer meeting and increased attendance at church, prayer meeting and Sunday schools and more Bible reading and serious thinking than ever. We think Brother and Sister Quinton are among the most consecrated christians we have ever met, and we know they left our village on a higher plain of thinking and living. G. A. W.

BASED on a population of 80,524,000, every man, woman and child in the United States should have \$34.98 of the money in circulation December 1. If you haven't your quota, there is something wrong either with yourself or a system of government which seems to be designed to make the poor poorer and the rich richer.

"Are you running your railroads for the benefit of the public or the stock holders?"

THE Danville city council passed a license of \$3,000 on malt, mead, cream of hops, beerine, near beer, etc., at its meeting Monday night. We hope the city council, of Stanford, at its meeting on Dec. 20th will pass a heavy license on same here.

SOMERSET WENT WET 96.—Somerset went "wet" in a local option election, reversing the verdict of an election held three years ago. The majority against local option was 96 votes. Somerset had 19 saloons when they were voted out in 1906. Pulaski county outside of Somerset has been "dry" for many years.

AT a meeting of the city council Monday night, Chief B. D. Carter's per cent. for collecting tax was reduced from 10 to 6 per cent. on the hundred dollars. Heretofore the marshal has been getting \$50 a year on all fees in the police court, and this was cut from his salary. A number of claims against the town were allowed and an ordinance passed requiring people to remove all filth or refuse from the streets. Nothing else of any consequence was done. The old board will hold its last meeting on Dec. 20th.

BROKE IN STORES.—Thieves gained entrance in the grocery store of Will R. Hocker, on Depot street, the other night by prizing a window open. About \$2 in cash was all that Mr. Hocker was able to find that the scoundrels got, though they probably got more. The same night a window back of Cummins & Wearon's store had been raised and only a gallon of gasoline was all that the scoundrels got, on account of the heavy iron bars across the window kept them from getting on the inside. A little shot and powder would be an awful good remedy for these scoundrels who steal for a living.

THOMPSON.—Mr. Joseph Thompson, aged 23, and son of Mr. Jop Thompson, of Garrard, died at his home near Preachersville as the result of taking corrosive sublimate. Mr. Thompson married a daughter of Mr. W. H. Cummins, of the East End, and was a most excellent young man and no reason was assigned for his rash act. The remains were taken to Lancaster and interred in the cemetery there Tuesday afternoon at 2 o'clock, after appropriate remarks by Rev. F. M. Tinder. Much sympathy is felt for the bereaved parents and the good wife in their great affliction and may He Who doeth all things for the best, comfort them in their sad hour.

T. D. NEWLAND gave the ladies of Stanford a real treat Wednesday by serving Maxwell House Blend Coffee with National Biscuit Co. crackers, all day, and they were elegantly served by Mr. T. L. Lackey, of Nashville, representing the above coffee, and Mr. Jim Bob Newland.

THE power of the press is likely to experience a severe jolt. Every paper in the land is urging the people to do their Xmas shopping early, but we fear they will not give heed. In the name of humanity and sympathy for the shop girls they should make their lot as easy as possible. It is less than three weeks to Christmas. If you intend to buy presents for your friends or shop for yourself, do so at once. Don't wait and at the last moment help to make the poor young woman so tired she will have to lie in bed all day to rest instead of being in condition to celebrate the birth of the Savior of the world.

WHAT have the people of Stanford and Lincoln county done to Congressman Harvey Helm that he should leave his home town out of a bill, appropriating money for public buildings? The people of Stanford and Lincoln county are for a government building to be built here and the INTERIOR JOURNAL proposes to see that their wishes are carried out in the matter, so far as pushing Stanford's claims are concerned, or know the reason why such a bill is not drafted and introduced. We urge every man, woman and child in Lincoln county to enlist themselves in this fight for a public building and we believe your efforts will not be in vain. We believe in politics but not at Stanford and Lincoln county's expense. Keep those petitions moving. If you are for a government building that will beautify Stanford and in the years to come point to it with pride, sign the petition that will be presented to you by one of the committee in charge.

GOV. WILLSON has appointed Hon. P. M. McRoberts, of this place, special judge of the Casey circuit court to try the case of Ira Garrison's administrator against Hugh Thompson. Mr. McRoberts was agreed upon by both sides. The selection is an excellent one.

GIVE us a government building, or tell us the reason why we should not have one? Look at that magnificent structure on court square and then think of a public building that does not cost Stanford or Lincoln county one dollar. Placed on a suitable site, would not it add to Stanford greatly?

Two Jersey heifers came to my place three weeks ago. Owner can get same by paying for this notice and their keep. J. H. Wilder, Stanford, Ky., R. F. D. No. 3.

AN ORDINANCE.

An ordinance forbidding obstructions of public streets and depositing filth or refuse thereon and fixing penalties.

The city council of the city of Stanford do ordain as follows:

1. It shall be unlawful for any person, firm or corporation to place, deposit, throw or cause to be placed, deposited or thrown upon any street, alley, sidewalk, or upon or into any gutter within the town of Stanford, any obstruction of any kind, or any paper, trash, ashes, refuse or filth of any kind, or to cause or suffer to be emptied upon or into any street, sidewalk, or gutter the water or refuse from any closet, sink or bath room.

A duck which faithfully stuck to business during the Summer and laid several dozen fawn colored eggs complained that she wasn't appreciated.

"See that hen over there," said the duck: "she hasn't laid as many eggs as I have, nor as big, but she has books written about her and verses composed in her honor, while nobody is saying a word about me."

"The trouble with you is," said the wise rooster that was standing near, "that you don't tell the public what you have done. You lay an egg and waddle off without saying a word, but that sister of mine never lays one without letting every one in the neighborhood know about it. If you want to cut any ice in this community you must learn to advertise."—Exchange.

ARMOUR & Co. have about completed the pension system for its army of employees. Men that aid in robbing the people so that the company can make 35 per cent. a year on \$20,000,000 capital are deserving of the highest consideration and their pensions should be so large as to make that which the Federal veterans are getting look like the proverbial 39 cents.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weakness and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—also general tonic to the system. For positive local help, use as well
